

Dear Seasonal Club Advisors and Chaperones:

Every year the club programs become a greater part of Snow Trails' evening business. In our efforts to make the experience enjoyable to both the adult and junior skier, we would like to take this opportunity to remind you of a few guidelines and courtesies to keep in mind while enjoying the Snow Trails Lodges.

As Ski Club Advisors, you are the **FRONT LINE** of information to those in your program and can have the biggest impact on the traffic and appearance of our Lodge. We would like to encourage you to implement and practice the following guidelines with your club to help Snow Trails be enjoyable and safe for all.

SNOW TRAILS LODGE CODE

1. NO SKIS OR SNOWBOARDS ARE PERMITTED ON THE SECOND FLOOR. Our Free Ski Check is open in the evenings and Peak Days as an added service and value to you and your group. To ensure the safety and well being of all our guests we do not allow ski or snowboard equipment on the second floor of the Lodge.

2. THE LOCKER ROOM IS LOCATED ON THE FIRST FLOOR. We'd like to extend a big "thank you" to the clubs that do a great job in keeping the Lodge neat and clean. Snow Trails is a public facility and personal belongings scattered on the tables and floors can become damaged or stolen and are a safety risk. Tables are for dining and therefore equipment and large gym bags should not be stored on or under tables. If your items cannot be hung on the numerous hooks around the facility, please place them in lockers located on the first floor or in your vehicle/bus. We have single use and unlimited access coin lockers available, located next to the Guest Services area.

3. THE LAST RUN BAR & DELI AREA IS FOR ADULTS 21 AND OVER. We'd like to make the Last Run a comfortable area for our adult guests. If adult members of the club choose to sit in this area, please remember that those under 21 years of age should not be storing bags or equipment, or "hanging out" in this area unless accompanied by adults. Home office setups are not permitted in this area including laptops, grading paper and anything that makes it look like your living room! During peak days and times we ask our Club Leaders and Guests alike to limit these high demand tables. Ask for assistance on alternate places to sit for your long term needs.

4. PICNICKING IS ONLY PERMITTED IN DESIGNATED AREA. Please remember that the tables in the Main Lodge are reserved for guests who have purchased our food service to enjoy their meal. Ski facilities are one of the few entertainment complexes that allow guests to bring their own food into their dining area. To maintain this privilege, please be courteous and confine your picnicking to the designated area in our new Picnic Lodge located at the base of the Mansfield Triple Chair. Picnicking items (including baskets, coolers, and bags of food and beverages from home) may be stored in your vehicle or in designated storage areas in the Picnic Lodge until needed. Electrical outlets for food warming needs are available on a first come first service basis. **TIP:** Keeping food in a cooler in the car will not only insulate the food from freezing but also keep it at the perfect temperature when ready to eat.

5. SHARE AND INVITE! Skiing is a social activity. Consider sharing your table with other club leaders and parents who are not skiing or snowboarding. It is a great way to meet others and open up more seats.

Staying in appropriate areas of the Lodge and keeping personal belongings off and out from under tables to maximize table usage are just a couple ways to help keep Snow Trails around for another 50 years! Thank you for your assistance – your cooperation will benefit everyone. If you have any questions or concerns about our Lodge Code please email Shawn@snowtrails.com. I would be happy to speak with you during your stay at Snow Trails.

Sincerely,

Shawn Feller
Operations Manager
